- Questions regarding this process may be emailed to uivendor@uillinois.edu.

CATERING

<https://www.obfs.uillinois.edu/purchases/purchases-types/catering-urbana-campus/>

University Catering is the preferred caterer for the University of Illinois at Urbana-Champaign events. University Catering is easy, convenient, and provides service to a wide range of locations including the I-Hotel Conference Center, the Illini Union, and the Alice Campbell Alumni Center.

- Benefits of using University Catering include:
 - An approved purchase order is not required.
 - The department's C-FOP is charged directly by University Catering.
 - The department does not need to collect a certificate of liability insurance from the vendor nor verify that the vendor is on the Insured Caterer's list.

What is a non-University caterer?

- A non-University entity (outside vendor) that serves food, beverages, and/or liquor at an event primarily attended by or open to the general public is considered a "caterer" for University of Illinois System purposes. Besides providing food, beverages, and/or liquor, the vendor typically provides set-up (including the use of caterer-provided equipment), food service/onsite preparation, and clean-up.
- Caterers are required to comply with U of I policy, including having proper certifications, licenses, and insurance.
- Due to onsite labor, vendor requirements, and contractual agreements, an approved purchase order is required.
- Examples of catered events:
 - Social Events
 - Official Receptions
 - Development events
 - Alumni Receptions

What is a non-catered event?

- A "non-catered" event consists of food/beverage delivery or drop off only. The delivery person does not provide onsite service. There is no set-up, no serving of food/beverage, and no clean-up. Vendors delivering food items for non-catered events are not required to be on the insured caterer's list. [Note: Some facilities have exclusive catering agreements that do not allow the drop-off of food and beverage items in the facility. Check with the facility to ensure drop-off food and beverages are allowed.]
- The Travel Card (T-Card) may be used for non-catered events when the vendor does not require a contract and the cost of the event is within the T-Card's single transaction limit. Please refer to the T-Card page on the OBFS website for more information.

- To provide food/beverage drop off for non-catered events, inclusion on the Insured Caterer's List (see below) is not required.

Important Catering Information

- For a complete explanation of catering definitions and insurance requirements, please visit the University Risk Management website.
- Alcoholic beverages may be purchased according to policy established in OBFS Policies and Procedures Manual, 8 Payments and Reimbursements. If a University of Illinois Urbana-Champaign Unit or any unit using an Urbana Campus facility plans the sale or service of liquor/alcoholic beverages at the event, the Urbana Campus Alcohol Management form must be approved prior to your event. Please refer to the Campus Administrative Manual regarding the University of Illinois Alcohol Management Policy and for instructions and online submission of the Alcohol Approval Form.
- Insured Caterer's List
 - The insured caterer's list includes the vendors who currently meet the University of Illinois at Urbana-Champaign insurance requirements.
 - <https://www.obfs.uillinois.edu/common/pages/DisplayFile.aspx?itemId=93164>

HONORARIUM

<https://www.obfs.uillinois.edu/payments/payments-non-employees/honorarium-payments/>

- We can only give an honorarium to the person and not the employer.
- If they want the employer to receive the honorarium, then it has to be a Contract/Service agreement signed beforehand.
- Foreign nationals may not be eligible for honorarium, so may have to be a services agreement. <https://www.obfs.uillinois.edu/payments-foreign-nationals/other-types-payments/honorarium-payments/>
- We will need to add the person receiving the honorarium as a vendor. In order to begin this process, we would need to have them complete the vendor information form. This should be done as soon as possible upon knowing they will visit. **See Vendors/Information Section.**

SHIPPING - UPS

- UPS is the preferred vendor – contracted by University with a discount.
- This should be used at all times, unless there are extenuating circumstances.
- Use CampusShip to generate a mailing label.
 - User guide for CampusShip can be found [here](#).
- Pay for each label with P-Card.
- You will need to enter card information.
- We should not be charged pick up costs, if you are, please let TBH-BSC know.

T-CARD/TEM

- When creating a TEM Expense Report (ER) of T-card charges, put all charges associated with the same event/business justification in one ER.
- Title should include Last Name of person and location for travel/title of event and date.
- Make sure to include a good justification/benefit to the University in the Business Purpose/Justification in the Header. This should contain: Who, What, When, Where and Why. More information is better
- Providing this information helps the expense report to not be rejected and helps for the future if someone needs to look at the expense report for reference.
- Once you submit, please print and attach the original receipts and put them in the inbox at the front desk.

GIFT CARDS

<https://www.obfs.uillinois.edu/bfpp/section-8-payments-reimbursements/determine-allowability-gifts-awards>

- Employees must always request the lowest available rate when making hotel reservations. Before making a reservation, check the list of allowable rates to be sure the cost meets these requirements. For additional information about University of Illinois System policies on lodging and travel, see OBFS Policies and Procedures Manual, 15 Travel.
- Carpool
 - System passenger vehicles for use while on system-related business are assigned by the Transportation Facility for Garage and Car Pool for UIUC. TENT RENTAL

<https://www.obfs.uillinois.edu/purchases/purchases-types/tent-rental/>

The UIUC Purchasing Division has negotiated a University master contract for the rental of tents and associated items with [Herriott's](#) per award of Invitation for Bid (IFB) 1RMJ1907. This contract includes terms and conditions that protect the University and allows payment with the [University P-Card](#) for rental of tents and associated items. All rentals of tents and/or associated items covered under this contract are for University-funded activities only, both by departments and recognized student organizations.

Note : *This contract allows P-Card for tent rentals and associated items with Herriott's only. It does not allow payment with P-Card to any other tent rental providers.*

To use the master contract, departments initiate the rental of tents and/or associated items directly with Herriott's. To ensure availability, departments should contact Herriott's as far in advance as possible.

- Departments can view [Herriott's](#) website for rental items, then call or email Herriott's to place their order. The following information will be required to obtain a quote:
 - Date(s) and time(s) for tent delivery, set-up and pick up**
 - Location(s) for tent set-up
 - Number and size of tent(s)
 - Any associated items and quantities

***Allow one full day for delivery/set-up and one full day for pick-up. When scheduling your event, plan delivery for the day prior to the event and allow time to decorate. Departments should schedule pick-up for the day after the event, allowing time to clear items out of the tent.*
- Herriott's will email a rental order to the department contact. **Note:** if the rental order total exceeds the Cardholder's single transaction limit (**\$4,999.99**), an [Exception Request Form](#) must be submitted to UPAY Card Services for approval *ten days prior to making the purchase*. P-Cardholders should check with their Department Card Managers to learn their single transaction limit. Allow ten business days to process an Exception Request.

- To confirm the rental order, departments must download the [University Tent Rental Agreement](#) located on the OBFS website. Using the information provided by Herriott's rental order, complete the agreement, review it for accuracy, obtain an authorized departmental signature, and forward it to Herriott's (see below), keeping a copy to attach to the original P-Card order log and receipt.
- At the end of the rental period, Herriott's will provide the department with a final invoice summarizing all rental charges. The department reviews the final invoice for accuracy, then contacts Herriott's to authorize payment on a P-Card and obtain a receipt. (The P-Card number may not be stored by Herriott's. The P-Cardholder must communicate their account number to Herriott's for each invoice/event.)
- Departments **must** keep a copy of the University Tent Rental Agreement and the original receipt for P-Card reconciliation.
